

Craft Dome Mesh Panel Setup Instructions

Use These instructions in conjunction with your EZ Up Mesh Panel Instructions to add Mesh Panels to your Craft Dome Canopy.

1. When attaching the center Mesh Panel hooks on the gable end (Step 2 & 3 in the EZ UP Mesh Panel Instructions) twist the hooks around so they slip over the back of the plastic framework connector.

2. When attaching the center Mesh Panel hooks on the NON gable ends (Step 2 & 3 in the EZ UP Mesh Panel Instructions) twist the hook on the left side around so it slips over the back of the plastic framework connector and attach the other normally.

3. continue setup following the EZ UP Mesh Panel Instructions.
